Dear Directors,

This e-mail provides materials for your sample audit count.

IMPORTANT: It is expected that sample audit hand counts are performed well *before* county canvass, so if there are any issues, they can be addressed and resolved.

The first attachment is a list of your county's randomly-selected assigned precincts or samples to hand-count.

The contest for the sample audit is NC Supreme Court Associate Justice Seat 1

NC Supreme Court Associate Justice Seat 1 (You may vote for ONE)

<input type="radio"/>	Christopher (Chris) Anglin Republican
<input type="radio"/>	Anita Earls Democrat

The second attachment is the Sample Audit Record Form. As has been the case in the past, this is provided simply as a document your teams can use to record numbers. It is for county internal use only – do not send this to us. As in past elections this year, the data will be reported to State Board of Elections and Ethics through a survey.

Here is the link to the survey to report your sample audit results for the 11/06/2018 General Election:

<https://www.surveymonkey.com/r/2018GenSample>

After identifying your county, there will be 2 pages to the survey: One page for Sample 1, and another page for Sample 2. Consider waiting until BOTH counts have been completed before filling out this survey. However, it is possible to report the samples one at a time, as long as you complete a full page of the survey (which saves the information), and as long as you return to the same computer.

If your count does show any discrepancy between any machine count and the hand count, please be sure to explain in detail. We will follow up if necessary.

If you need any assistance or have questions, please feel free to submit a [help request](#).

Best Regards,
